

## VALUES CRUMBLE IN STOCK MARKET

Stocks Which Have Had Professional Support Suffered Most Severely.

NEW YORK, April 22.—Quoted values crumbled in yesterday's feverish active stock market, the list closing in absolute demoralization, many leaders showing extreme losses of 2 to almost 45 points.

Apart from the increasing scarcity of time funds, there were no developments in the money market to explain the decline, which far exceeded in volume and scope any similar movement since the early weeks of the year. Shares which recently derived their chief support from professional sources sustained greatest depreciation. There were rumors that the banks were again curtailing loans composed of speculative collateral. No confirmation of these reports was obtainable, but it was evident that further contraction of credits was in progress.

A factor more than sentimental preceded the day's setback was severe recession in Liberty bonds to lowest prices yet recorded on very heavy offerings. Some of these fell to levels where they represented an interest return of almost 7 per cent.

Selling of Liberty bonds proceeded from various sources but was popularly attributed to large corporation interests which found it more expedient to liquidate their holdings than engage in new and costly financing.

Conspicuously weak stocks included General Motors at an extreme loss of 41 1/2 points to 27, Baldwin Locomotive which was extremely erratic toward the end at a decline of 14 3/4 points, and various other motor, equipment, steel and oil issues which finished at net losses of 3 to 10 points. Sales amounted to 2,000,000 shares, over one-third of the total business being in the final hour, the ticker being some twenty minutes behind in recording the day's business.

Bonds, including standard rails and industrials followed the course of government issues losing 1 to 2 per cent. Total sales (par value) aggregated \$20,250,000. Old U. S. 2's lost 1 1/2 per cent, and Panama 3's five per cent. on call, others being unchanged.
